Tan Phu district, Ho Chi Minh city

github.com/MinhNhatLuong

## Hard Skills

- **Programming languages:** C, C++, Java, Javascript
- **Web developer:** HTML5, CSS3
- **Back-end developer:** MySQL

## Soft skills

- Task management
- Curiosity and lifelong learning
- Analytical and creative thinking
- **Languages:** English (Fluent), Japanese (Beginner), Vietnamese (native).

## Introduction

I am a person with a strong passion for full-stack development. I have a keen interest in both front-end and back-end technologies and have gained hands-on experience through projects and coursework.

My goal is to become a full-stack engineer within the next three years. I would love to work with tasks such as Front-end, Back-end Developer or database building.

## Education

- **Bachelor of Software Engineer**

FPT University - HCMC Campus

2023 - Present

## Certificates

- **Web Design: Coding Specialization (2024)**

Coursera - University of Michigan

- **C++ Programming (2023)**

F8 Fullstack

- **C Programming For Beginners - Master the C Language (2024)**

Udemy - Tim Buchalka

## Professional Experience

- **Web developer (UI Designer)**

Skillcetera club

Nov 2023 - Mar 2024

Developing a website for selling merchandises for the Skillcetera club. I was assigned to design the interface and features for the "About Us" sections, and I also observed the work of other members to gain experience. The project involved a team of five members and was a success. Link: [s-store.skillcetera.com](https://s-store.skillcetera.com).

## Extracurricular Activities

- **TEDxFPTUniversity Logistic Vice Leader**

Skillcetera club

Febr 2024 - Jun 2024

Arranging gifts for attendees and managing bills.
